Welcome to our Pre-K classroom, where children develop the confidence, skills, and curiosity they need for a successful transition to kindergarten. Predictable routines and a daily schedule help children feel confident while preparing them for the structure of elementary school. Each day includes morning meeting and calendar time, music, movement, and creative expression, small and large group learning, and learning centers and project work. Extracurricular activities include swim lessons, sports camp, farm camp, and field trips!

Learning Through Play

Our classroom follows an **emergent curriculum**, where children's interests inspire meaningful projects and investigations while intentionally building kindergarten readiness skills. Learning experiences may include:

- Science experiments, nature investigations, building and engineering challenges
- Art and creative expression
- Dramatic play and storytelling
- Cooking and hands-on sensory experiences

Please be sure to pack:

- Substitute food/milk if needed
- Spare clothes
- Nap sheet and blanket (if needed)

We are honored to partner with families during this exciting final year of early childhood education, helping children develop the skills, character, and confidence they need to thrive in kindergarten and beyond!
